INDUSTRIAL PACKING

B2B SOLUTIONS
DELIVERED

We offer multiple packaging options to our clients for maximum protection of the shipments

Site Survey:

It all starts with site survey, we mark items by their nature – whether they are fragile, loose/bulky, valuable etc. Determining their category enables us to have a clear picture of the type of packing it would require.

Heavy Equipment Lashing:

For heavy and loose cargo, we offer superior level of heavy equipment lashing customized to your needs. Till now, we have a 100% safety record – having no incidents that involved cargo damages or losses.

Cross Stuffing:

Our trained personnel do all the assortment, loading, securing, and cross docking to ensure cost minimization as well as safety of goods.
